To: Planning Division, York County

SUBJECT: Resolution No. R03-168(R), Approved Special Use Permit to Authorize the Establishment of a Transitional Home at 124 Goodwin Neck Road

The Faith For Living Deloris Borum Ministries, Inc. is requesting an extension to the subject special use permit (SUP) approved by the Board of Supervisors on October 21, 2003.

Since the Board of Supervisors approved the resolution, we have been working diligently to secure the funding and establish the use. We recently received site plan and building plan approvals from the County. On June 3, 2005, the Planning Division gave final approval for the NATASHA House site plans. Just in the past month, we received word that Building Regulation Division granted preliminary approval of the building plans. We are just a few days away from selecting a general contractor.

We are currently working to establish Deed of Easements with the County and Waterworks, a Land Use Permit from the Virginia Department of Transportation, and Land Disturbance Permit from the County. Based on current status and the recent approval of our site and building plans, there is not enough time before the automatic termination date of the SUP (that is two years from the date of the approval to establish the use according to County Code Section 24.1-115(c)(1)) to sign a contract, start construction and lay the foundation for NATASHA House.

Therefore, we request a 12 month extension from the automatic termination date to establish the use for which the SUP was granted.

If you have any questions or need additional information regarding this request for extension, please call Hoover Hawkins at 897-4708. Enclosed is a \$100.00 check for the application process.

Sincerely,
